Suntec City Mall Tower 3,
Singapore 038983

Colour Selection

Caesarstone® is made from natural quartz and therefore some variation in colour and aggregate may occur. The colours in this brochure are to the highest standards in printing, however, should only be used as an indication of actual product design. We always recommend making a final colour selection by viewing displays of larger panels in your nearest Caesarstone® Experience Centre or retail showrooms to appreciate the movement of the design over a large surface.

For more ideas, information and local distributors, please visit our website www.caesarstone.sg

New Colours

Caesarstone's latest designs connect the home from the inside with the earthy warmth of the world outside.

These three new designs form part of our Whitelight Collection. Created with true craftsmanship by our international design team, these modern surfaces signal a new reality for kitchen, bathroom and laundry design.

Go to www.caesarstone.sg/whitelight-collection to find out more.

5112 Aterra Blanca™

Inspired by natural marble, a misty white base unravels with the softest strokes of earthy veining, swirling slowly into the stone that radiates a translucent glow, with warm, milky movements.

Finish: Polished
Category: Supernatural
Slab size: Regular

5171 Arabetto™

A modern and timeless evolution of the classic arabescatto marble look. Dynamic grey veins interlacing with jade and copper span across a crisp, white surface. This is the marble look of tomorrow.

Finish: Polished
Category: Supernatural
Slab size: Regular

5222 Adamina™

Adamina recreates the tender touches of a golden dune or serene dessert. This sandstone and travertine inspired design will calmly settle into the modern kitchen looking to capture the essence of nature.

Finish: Natural
Category: Supernatural
Slab size: Jumbo

We take a piece of the earth, and bring it into your home

Caesarstone is the pioneer of quartz countertops. We bring the magic of the earth's raw minerals into your home, with surfaces that become the bedrock and basis for life. We invite you to let everything evolve around your countertop, transforming the surface and all that's around it into a space of interaction and creativity.

Advantages

Nonporous

Dense and resilient for long-lasting quality

Durable

Harder, stronger, and safer than marble, granite, and other natural stones

Easy Care & Maintenance

Simple care with just soap and water, no need for sealing, and essentially effortless to maintain

Hygienic

Non-absorbent, resistant to bacteria, mould, or mildew, remains safe and sanitary for ultimate cleanliness

Stain Resistance

Highly nonporous and nonabsorbent, stain resistant and easy to maintain

Scratch Resistance

Impressive scratch-resistance strength, not susceptible to scrapes or scuffs

Heat Resistance

Caesarstone quartz is heat resistant, but using a trivet is required for very high temperatures.

Warranty

Caesarstone uses a high quartz blend-ratio (up to 90% natural quartz minerals), offering our 10-year limited warranty

Ease of Installation

Easy to template, install, and customise by professionals, suited for indoors and available in a selection of outdoor colours

Environmentally Friendly

Certified for its durability and low-maintenance, supporting a healthier environment and better use of material resources

Our Finishes

Caesarstone offers a variety of five finishes, dressing the surface in a way that brings out the best in the design while ensuring it remains long-lasting without the need for sealants or wax.

Polished

With its glossy smoothness, Polished finish emphasizes the surface features with its stunning luster. It attracts light and reflects it with elegance, illuminating the space around it with a natural brilliance that makes it seem larger and luxurious.

Natural

A slightly textured satin sheen, Natural finish conjures up the emotional caress of stone, warm, grainy, and uniquely sensorial. It gently reflects light, enhancing the depth of colour and pattern, especially on darker shades.

Honed

Smooth to the touch and soft on the eye, Honed finish offers a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Concrete

A lightly textured complexion, Concrete finish is inspired by the granular tactility of smooth concrete with a soft earthiness quality and low light reflection. Its grainy touch evokes the sensation of an organic material that is powerfully strong.

Rough

A rich, complex and technologically advanced finish that reflects the authentic patinas of industrial materials. The Rough finish offers a distinctively coarse surface yet remains smooth enough for effective cleaning.
